

EARL LEGETTE ELEMENTARY SCHOOL

STUDENT PLACEMENT FORM

The staff uses its best professional judgement and collaborates with one another to make student placements which best suit a student's needs. Parents may participate in the process by providing information regarding any compelling educational need you feel your child has. While we cannot accommodate all requests, they will be taken in consideration in priority of educational need.

Because we make placements based on a student's educational need, specific teacher requests will not be honored. Forms with teacher names written on them will be disregarded..

These requests will be shared with the teachers as they assist in the placement process.

Student Name _____ **Fall Grade Level** _____

Current Teacher _____ **Current Grade Level** _____
